HOLLISTER SEED CO.

Hollister, Calif.

The SEED offered in this list has been grown with the greatest possible care. The mother stocks have all been developed from carefully selected plants and the fields have been thoroughly rogued so that nothing but the very best has been allowed to go to seed. All seed has been thoroughly cleaned so that the product is equally as clean as any seed that can be purchased in the open market. My products can be recommended to the most critical market gardener trade.
